TILLER for standard flow Skid-Steer Loaders

FEATURES & BENEFITS

- Bradco® industry exclusive - scarifier pre-cuts rough crust to improve tiller efficiency (patent pending)
- front hood is heavily ribbed which levels till as a leveling blade
- exclusive off-set hitch on 52" allows tight cut next to obstacles
- industry exclusive on 66" with dual hitch both off-set and center mount
- productivity is further improved with high torque efficient chain system and large frame to handle trash
- easily adjusted chain tension with CAM lock
- dual rotation with bi-directional tines standard
- choice of tines for 4" and 6" tilling depths
- single wide skid-shoe protects drive and controls depth

ORDER CODES

	Order Code	Weight
<u>Tiller Assembly</u>		
HT52 - 52" universal skid-steer off-set hitch mount	102000	660
HT66 - 66" universal skid-steer off-set hitch mount	100935	880
<u>Hydraulic Motor</u>		
14-18 GPM	102065	30
18-22 GPM	102066	40
<u>Tines</u>		
for 52" tiller 4" cutting depth	102067	45
for 52" tiller 6" cutting depth	102068	50
for 66" tiller 4" cutting depth	102069	59
for 66" tiller 6" cutting depth	102070	66
<u>Hydraulic Kits</u>		
(2) 72" x 62" hoses 1/2" flat face couplers	100983	15
(2) 88" x 62" hoses 1/2" flat face couplers	100984	20
<u>Options</u>		
scarifier 52" set of 4	102011	40
scarifier 66" set of 5	102072	50
